**EPEKTO SANG PAGMINA**

# Worsens maldevelopment and poverty

“The benefit was only miniscule compared to the destruction caused on the environment.”

- Bicol have boosted the region’s economy after it produced a total of P11.4 billion worth of metallic and non-metallic products and paid P782.6 million or 6.86% in taxes last 2010. Only P41 million or 0.36% in terms of paid local taxes.

# BATARAZA, PALAWAN NOW.

Severe erosion around the mining road used by Rio Tuba. During the rainy season the water creates deep clefts on the side of the road. No mitigating measures have been put into place to reduce erosion.

**And see how its forests, biodiversity, indigenous culture and farmlands have been ravaged by mining.**

**Rio Tuba Nickel Mining Corporation (RTNMC) has been operating in Bataraza since 1975. By 2000, the company has produced and shipped out more than twelve (12) million metric tons of beneficiated nickel silicate ore to Japan since 1977.**

**But what is Bataraza now? A first class municipality of 53,470 people with an average family income of P9,674 per month, which is below the poverty threshold level, and one of the top 10 poorest municipalities in Palawan.**

# Extirpation of Species = Destruction of Biodiversity Function (and Can We Restore Biodiversity and their Function after Mining?)

# New Administration, Same Old Mining Policies

- Pareho gihapon ang polisiya sang gob Aquino sa gob Arroyo sa mining = MINING LIBERALIZATION (extractive, export-oriented & import-dependent)
- Ginpamalibaran ni P-Noy ang hagna sang League of Municipalities of the Philippines nga magdeklarar sang moratorium sa dalagkuan nga pagmina sa bilog nga pungsod.
- Matuod nga gin-cancel sini ang 903 mining applications pero nag endorse/approve sang 353 mining applications

Nagdaku sang 65% ang dumuluong nga kapital sa large-scale mining since Pnoy assumed office.

Nagdaku sang 40% ang kantidad nga ginpagwa sang industriya sa pagmimina sang 2010 kumpara sang 2009.

Target pa sang gobyerno nga magpasulod sang kapital nga \$1.4 bilyon subong ngs tuig kag \$17.35 bilyon tubtob 2016 sa industriya sang pagmina.

Sa Panay, mas naga agresibo na ang pag operate sang mga exploration activities nga may mining applications

Ang pagsulod sang mga dalagku nga kompanya nga may approved mining applications ginapaagi sa pag operate sang mga 'small scale' mining operations (Canapian, Maayon Capiz and Brgy Badiangan, Ajuy, Iloilo = same area may small scale mining apang may mining application)

UNTATON ANG PAGMINA SA  
PROBINSIYA SANG CAPIZ!

ITIB-ONG ANG KADALAG-AN SANG  
PUMULUYO! ISULONG ANG ORDINANCE  
NO. 6, S. 1999!

1. Scrap the Mining Act of 1995!  
Scrap/Cancel all mining permits  
Declare a moratorium on all large-scale mining projects and operations
2. Pass the People's Mining Bill (House Bill No. 4315: AN ACT RE-ORIENTING THE PHILIPPINE MINING INDUSTRY, ENSURING THE HIGHEST INDUSTRY DEVELOPMENT STANDARDS, AND FOR OTHER PURPOSES )
3. Nationalize the mining industry
4. Defend our Patrimony, Protect our Rights!
